Revised 04/2020

Central Arkansas Shooters Association (CASA)

Please note

Everything we do at CASA is based on the principles of safe gun handling and the rules of firearms safety will be observed at all times. Violators will be asked to leave the range.

CASA was established in 1990 by Metropolitan Sport Shooting Association and Practical Shooters of Arkansas. The purpose of this organization is to maintain a club for the promotion and encouragement of the competitive shooting sports, teach safety in the handling of firearms, and to foster good fellowship, education, and cooperation among shooters and in the community. This is a private club and is only open to the public on match days. You may find a match day by viewing our website calendar, www.casarange.org.

CASA has the following amenities:

- 14 pistol bays with nine 12' x 12' sheds to keep the sun or rain off of you
- 200 yard rifle range with covered shooting area
- clubhouse with restrooms, heating and air conditioning
- 40' x 60' pavilion with seating for 160

Every member receives a key to all of the facilities. CASA members are on the honor system. Guests are permitted only when accompanied by a member. For joining information contact a member of the board of directors, any match director or call 501-400-4101.

CASA has hosted four National IDPA events; 2003, 2004, 2005 and 2006. CASA has also hosted numerous sanctioned shooting events not quite as large as the Nationals, but just as fun and challenging. Our Hillbilly Classic, Razorback Shootout and Fall Brawl are annual events.

CASA offers three different shooting sports: USPSA, IDPA, and Steel Challenge. Descriptions of these sports are in the following pages.

ONE FREE SC MATCH!

Steel Challenge Shooting Association matches offer a wonderful introduction to the competitive shooting sports for new shooters yet experience shooters find the combination of speed and accuracy a stimulating challenge. Stages of fire are all five steel targets arranged as dictated by the association. Meaning when you shoot "Smoke & Hope" it will be the same each event. We usually shoot 5 – 6 stages per match and each stage consists of five strings of fire requiring a minimum of 150 rounds for the match...but bring lots more!! There is little or no movement required on a stage. This sport can be shot with rim-fire pistol or rifle (detachable magazine required), centerfire pistol from a holster or Pistol Caliber Carbine (PCC), optics or iron sights. There's a division for almost everything so bring what you have and we'll fit you in. Five magazines are desired but if you're short, bring all you have and someone will reload for you while you shoot.

Match fee is \$10 but first time Steel Challenge shooters can shoot their first match for free!

Matches are on the second Saturday of each month. Always check the website calendar for verification and start times, www.casorange.org.
